KNIPEX special

The switch-on opening spring fixes the High Leverage Diagonal Cutter comfortably in the hand for quick succession cuttings. For assembly work and during transport the spring can easily be deactivated by pressing with the thumb. The ideal ergonomic relief for repeated cutting procedures.

Requires 21 % less effort

Cutting a medium hard wire with a High Leverage Diagonal Cutter (length 180 mm) requires up to 21% less effort than with a common Diagonal Cutter of the same length.

Article No.	EAN-Code	Style	Head	Handles	Cutting capacities			g
